

## Safety measures at all Viparis venues

### Vehicle Registration

All delivery vehicles entering Viparis sites **must be registered** using our online Logipass system: <https://logipass.viparis.com/> This does not apply to vehicles using car parks.

If you have not registered your vehicle, you will be asked to return later, when a time-slot is available.

Please print out your registration confirmation with its QR code and place it on your vehicle's dashboard. Our logistics staff will scan the code and allow you to enter the site safely and securely.

### Masks

Masks are mandatory at all times. Please have your masks ready when you arrive on site.

### Safety Measures

**Hand sanitiser** dispensers are available at all delivery entrances, in common areas and in washrooms. If you cannot find one, please ask the loading dock staff or the site's fire safety control centre.

**Designated waste bins for single-use masks** are available near exits. Please use these bins for your used masks; they will be disposed of using a specific procedure.

You must strictly comply with the precautionary measures listed below. If you do not, you may be required to leave the site immediately.

Please follow all instructions issued by Viparis's logistics or safety personnel, or any member of staff.

All packaging waste and other materials must be removed when you leave the site.

Please report any unusual activity that you observe on site to our logistics or safety personnel.

COVID-19

### FACE AU CORONAVIRUS : POUR SE PROTÉGER ET PROTÉGER LES AUTRES

Se laver  
très régulièrement  
les mains

Tousser ou éternuer  
dans son coude  
ou dans un mouchoir

Utiliser un mouchoir  
à usage unique  
et le jeter

Saluer sans se serrer  
la main, éviter  
les embrassades
